WELCOME TO THE ONLY TRANSATLANTIC CABLE LANDING LOCATION IN THE CENTER OF THE EAST COAST: VIRGINIA BEACH

Going live in 1st quarter 2018, the MAREA and BRUSA cables will link Virginia Beach with South America and Europe. With investment from companies like Microsoft, Facebook and Teléfonica, global companies who depend on fast and reliable data transmission are starting to take notice.

Having the worlds's ultra-high-speed 160 terabit fiber optic cable in our backyard brings unprecedented access and opportunity in places like Asia, South America, Africa and the Middle East.

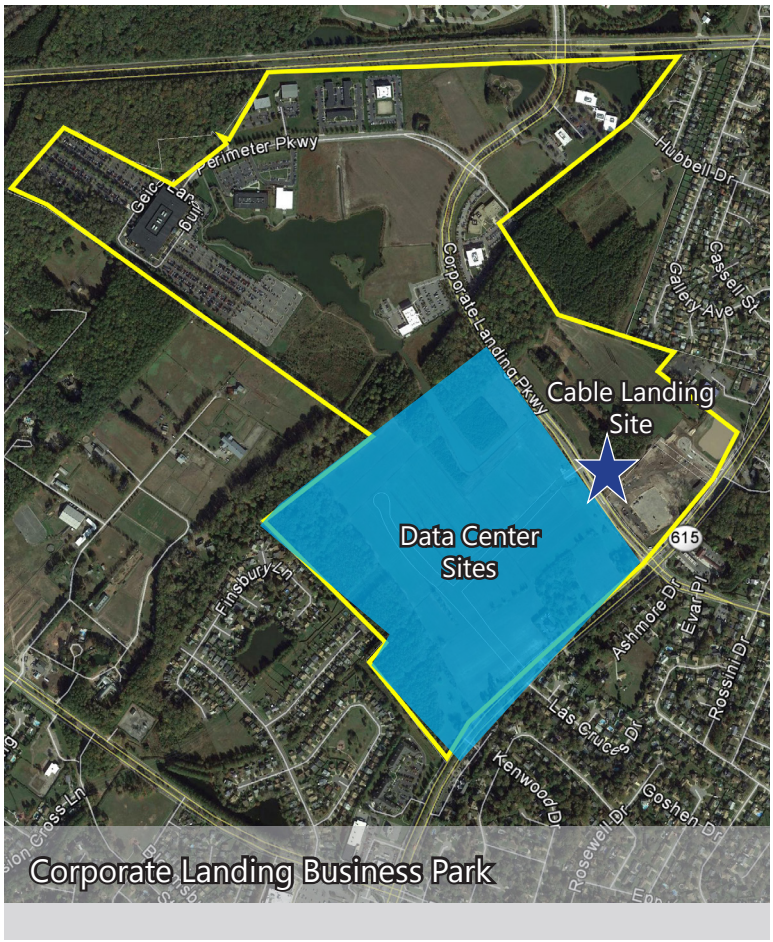

VIRGINIA BEACH IS PLUGGED IN AND READY TO GO

- Dominion Energy Certified data center sites: Corporate Landing Business Park
- Availalbe fiber access hubs
- Steamlined permit process
- Ultra-high-speed commercial and residential network infrastructure in place
- Stable business costs, competitive power rates and flexible business assistance programs

Corporate Landing Business Park is a fully developed, shovel-ready Dominion Energy Certified data center site with 163 acres of developable land. The park's utilities and infrastructure are in place. It is ideal location for professional services, distribution facilities, light industrial, and data centers. The cable landing station in Corporate Landing provides high capacity, reliable connectivity options to carriers, data center and colocation facility operators.
